## **MIDNITE LEAGUE**

1. Conventional Dewar Course fired on Midnite-Moonlite targets with any sights, .22 rimfire rifle. League runs on Thursday nights— May 18, 25; June 8, 15, 22; July 6, 13; August 3, 10. Relay times are 6PM, 6:30PM, 7PM, 7:30PM & 8PM (you need to fire on two relays; one target each at 50 yards and one at 100 yards).

2. A handicap system will be used. Each week, shooters will select their handicap before firing. At the conclusion of the match, the handicap is added to the raw score for a final handicapped score. For every point that the handicapped score is over the maximum score of 400, the shooter is penalized 2 points.

### **EXAMPLES:**

- a. Wind Doper John takes a handicap of 3 points. He fires a raw score of 395.  $395 + 3$  point handicap = 398 final handicapped score.
- b. Crossfire Nick takes a handicap of 5 points. He fires a raw score of 397.  $397 + 5$  point handicap = 402 (2 points x 2 point penalty = 4 points, giving him a final handicapped score of 396 (400 - 4 points)).

3. Awards are based on individual scores only. Separate awards will be allocated for each Thursday evening for both scratch and handicap scores. Result sheets will be posted each week on the [www.bluetrailrange.com](http://www.bluetrailrange.com) website.

4. Awards will be in the form of cash. 1st Place (5 shooters), 2<sup>nd</sup> Place (10 shooters), 3<sup>rd</sup> Place (15 shooters). Additional awards for each 5 shooters.

5. Match fee is \$15 per night (includes hot dog for each competitor).
